**Von Bruce Schneier : Carry On: Sound Advice from Schneier on Security** before purchasing it in order to gage whether or not it would be worth my time, and all praised Carry On: Sound Advice from Schneier on Security:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. For Bruce fans onlyVon Kris Van GelderThe book is a collection of Bruce's articles. For me that's perfect, I'm one of those people that prefer books over computer screens to read this kind of stuff. Only three stars to warn folks that this is not one of Bruce's books where he elaborates on a specific subject.On the plus side: since it's a bundled collection of his essays you can read parts quickly when you have 10 min to spare, you don't need an entire evening to read and

understand a substantial part of the book.

KurzbeschreibungUp-to-the-minute observations from a world-famous security expert Bruce Schneier is known worldwide as the foremost authority and commentator on every security issue from cyber-terrorism to airport surveillance. This groundbreaking book features more than 160 commentaries on recent events including the Boston Marathon bombing, the NSA's ubiquitous surveillance programs, Chinese cyber-attacks, the privacy of cloud computing, and how to hack the Papal election. Timely as an Internet news report and always insightful, Schneier explains, debunks, and draws lessons from current events that are valuable for security experts and ordinary citizens alike. Bruce Schneier's worldwide reputation as a security guru has earned him more than 250,000 loyal blog and newsletter readers This anthology offers Schneier's observations on some of the most timely security issues of our day, including the Boston Marathon bombing, the NSA's Internet surveillance, ongoing aviation security issues, and Chinese cyber-attacks It features the author's unique take on issues involving crime, terrorism, spying, privacy, voting, security policy and law, travel security, the psychology and economics of security, and much more Previous Schneier books have sold over 500,000 copies Carry On: Sound Advice from Schneier on Security is packed with information and ideas that are of interest to anyone living in today's insecure world.Pressestimmen"...the vast majority of essays reveal Schneier's insight and pragmatic approach, which makes this a most important book to read" (RSA Conference, August 2014)KurzbeschreibungUp-to-the-minute observations from a world-famous security expert Bruce Schneier is known worldwide as the foremost authority and commentator on every security issue from cyber-terrorism to airport surveillance.
