It is one of only two books that I know of that really explain Chiron in depth. Chiron is such an important aspect to astrology, and so few people (certainly very few lay people like myself) actually KNOW about it! I think the author does an excellent job on organizing the sections of the book. In particular, I like the fact that she breaks down Chiron's effect by sign and by house, as separate sections. I also like the way she describes how specific kinds of aspects (like Chiron trine Saturn, etc.) affect you, rather than just talking about "aspects" in general. Because she does have so many subsections, some of the subsections are brief and, thus, necessarily superficial. For instance, I would really like to know more about the interaction between Chiron and Pluto when they oppose each other! Also, I find that part of the focus of the author is based on the aspects of the people in her immediate surroundings, rather than the general public. On the other hand, she speaks of what she knows, and has studied Chiron in relation to a LOT of clients, so her personal knowledge is pretty broad-based. Very upbeat, and fun, book, overall.1 von 1 Kunden fanden die folgende Rezension hilfreich. Integrationsbruecke fuer Chiron in der AstrologieVon Joachim WinterhalderDieses Buch hilft dem Astrologen auf sehr klare und einsichtige Weise, den Planetoiden Chiron im Geburtshoroskop richtig einzuschuetzen und seine Rolle im Charakterbild zu verstehen. Da ich selbst Astrologe bin, gehe ich mit dem Vorschlag, dass Chiron moderner Herrscher des Sternzeichens Jungfrau ist, konform. Das passt sehr klar zu meinen Erfahrungen dazu. Man kann dieses Buch jedem empfehlen, der des Englischen maechtig ist und Interesse hat, mehr zu dieser Thematik zu erfahren. Barbara Hand Clow ist eine Autorin, deren Erfahrungs- und Wissensschatz klar durch ihre Zeilen leuchtet.This book about Chiron will eventually be seen as one of the classics of Astrology, I am quite certain about that. Barbara Hand Clow has shown that she has a deep and elucidating grasp on the topic matter and I couldn't agree more that Chiron appears to be the ruler of Virgo. It would be wonderful to get yet another update on new findings that Barbara has made in the past 17 years since last revisiting this master piece.
