**Von Henry David Thoreau : Civil Disobedience (Illustrated) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Civil Disobedience (Illustrated) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolut lesenswert Von Triman Interessant, wie Demokratie aussehen knnte... Es ist schon auergewhnlich, wenn man bedenkt, wie etwas, das etwa 150 Jahre alt ist, heute noch Gltigkeit hat. 0 von 0 Kunden fanden die folgende Rezension

hilfreich. Walden ber alles :-)  
Von sywotDas Buch ist ein Standardwerk und sollte von allen gelesen werden. Nicht nur dem Naturfreak oder dem alternativ Denkenden, sonder einfach allen!  
0 von 0 Kunden fanden die folgende Rezension hilfreich. Thoreau just keeps on getting better  
Von Joshi,ShrikulOne of the most thought provoking works of Thoreau. Although, it is quite short in length as compared to Walden nevertheless it was equally amazing. A brilliant read for anyone willing to question modern day definition of patriotism and nationalism.

KurzbeschreibungThis e-book publication is unique which includes biography and Illustrations. A new table of contents has been included by the publisher. This edition has been corrected for spelling and grammatical errors  
Pressestimmen"This volume greatly contributes to our ability to understand Thoreau's essay on civil disobedience as a product of a specific historical context. It is a valuable piece of scholarship on the history of political thought regarding Thoreau's essay. The introduction is pitched at a level that is appropriate to undergraduates and is written in a very interesting, engaging, and readable style. But given the historically situated analysis of Thoreau's writing of Civil Disobedience, this volume will also be a valuable resource for established scholars as well. The additional primary texts are thoughtfully selected and relevant, and they help give us a more complete portrait of Thoreau in his time: with these additional readings, we can better grasp the historical context of many of the enigmatic references Thoreau makes in Civil Disobedience." -- Shannon Mariotti, Southwestern University "A masterful historical contextualization. Bob Pepperman Taylor's introduction is a model of scholarship and his annotations are consistently illuminating. The supplementary voices, ranging from William Paley to Henry Highland Garnet to Daniel Webster to Ralph Waldo Emerson to Abraham Lincoln, help bring Thoreau to life by setting him in his place and time." -- Jack Turner, University of Washington, editor of A Political Companion to Henry David Thoreau
