Aber der ist die Kampfarena, in der sich am deutlichsten zeigt, ob man sich eine anspruchsvolle Herrschaft herangezogen hat, die von der Mama-Dienstmagd zufrieden gestellt werden möchte. Mit amsanten Anekdoten über das Anspruchsdenken ihrer Kinder unterhält die Autorin, beschreibt ihren Plan und ihre Schritte das Anspruchsdenken abzuschaffen und macht damit Lust das auch gleich in der eigenen Familie zu tun. Für eine amerikanische christliche Autorin übrigens ziemlich unaufdringlich christlich. Ich denke, das kann jeder lesen ohne sich auf den Schlipps getreten zu fühlen.0 von 0 Kunden fanden die folgende Rezension hilfreich. Highly recommended, witty, convincing book--inspiring to cleaning houseVon Deborah W.I was surprised what fun it was to read a book about cleaning! The book is well written, insightful, so witty and utterly convincing. I thought I did not have as much work to do as she did with her kids, but boy, was I wrong! I learned a lot. I highly recommend this book to all parents who are not sure if they should involve their children in household chores or not--and if so to what extent and to what end. Inspiring, I am ready to get to work with the kids.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great read!Von SinaGreat ideas, funny and well written!
