Von H. Emilie Cady : Complete Works of H. Emilie Cady (Annotated) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Complete Works of H. Emilie Cady (Annotated) (English Edition):

Powerful book for ideas on spiritual growthVon Ein KundeAmazing how the things we think are new are actually quite old. This book appears to be the basis for cognitive restructuring therapy. The writing style is definitely that of the late 19 century and may be dificult for the modern reader. The book had me shaking my head in affirmation

throughout. There appears to be a lot of power in her words and spiritual beginners are cautioned (at least unless they can come as children). For those who are working on spiritual growth this may be the last book you need read - Ms. Cady's advise is to "not read the works of others or discuss with others - for the TRUTH is revealed to each of us and is unique to each of us - to continue to seek the TRUTH from others will simply slow the learner" (quote is a liberal paraphrase).

Kurzbeschreibung Lessons in Truth * How I Used Truth * God A Present Help The spiritual concepts presented in these three timeless books will increase your personal empowerment and enhance your spiritual growth. Cady's complete works are a clear, concise representation of New Thought philosophy and metaphysical Christianity. NOTE: The original manuscripts of all three books have been carefully studied and restored wherever possible. God a Present Help, in particular, contains much material that has not appeared in recent editions.
