Von John Sweetman : Crimean War (Essential Histories) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Crimean War (Essential Histories):

Kundenrezensionen Hilfreichste Kundenrezensionen 2 von 2 Kunden fanden die folgende Rezension hilfreich. A Good first look Von Ein Kunde Before I read this book I knew near to nothing about this (to me minor) war. The only drawback I found in this clear and exciting narrative is the very British focus. I am missing any information concerning the Sardinian participation but the rest is an excellent introduction. The Book does not only give a campaign overview but places the war in a solid political and social environment of its time. The British public opinion is covered giving great insight. The second factor of the war I would never have thought about is the influence of the telegraph and the press - that's something you should really read for yourselves. The Charge of the Light Brigade is naturally covered but no blame is stuck on any one. It made me happy to see that the author stuck with facts - not speculations. The Crimean War is a good point to start from or to get an impressive overview.

Kurzbeschreibung First Published in 2001. Routledge is an imprint of Taylor Francis, an informa company. Pressestimmen "A very useful resource, especially, but by no means exclusively, in school and college libraries...these books offer very useful standardised accounts and are presented in very attractive and approachable volumes." - "Reference s Kurzbeschreibung First Published in 2001.
