Light by Samuel Bagster- hard bound edition Von Ken Lansing This devotional book is a great old classic just discovered by me. I always wondered what the great missionaries from the past referred to when they read their "Daily Light" each day and now I know. No matter what trauma they faced, it met their needs and it meets mine now because it is related scriptures put together (with no comment from man) to give you a word from God for the day. It is amazing how the verses for the day will sometimes relate exactly to what I am going through. Although I wish it was in the nice leatherbound edition, it is still a nice enough cover. And I appreciate having it in the true old KJV scriptures which lets me read the very same words that Gladys Alyward, Hudson Taylor, Amy Carmichael and other stalwart saints read for their edification and help in the past. It really gives me a 'feel' for my heritage with those who have gone on before but enjoyed this wonderful old book daily. I plan to keep a few copies handy for gifts to special people.

First appearing in the 1800's, it has been updated in this NKJ version for modern readers by Anne Graham Lotz. Its original compiler was a gentleman named Samuel Bagster. Each day's reading has two themes, one for morning and one for evening. The readings are short enough to be read through in a less than a minute, but inclusive of enough scripture to comfort, instruct, direct, and encourage. Scriptures are footnoted at the page bottom, leaving the eye free of distraction from the heart of the message. It is an excellent devotional, illustrating the richness of the pure Word of God, without the intrusion of human comment or thought.

An update of a classic Von Ein Kunde Anne Graham Lotz's introduction to this small book of daily (morning and evening) devotionals is heart-warming and keys on what made the original of this little book first published in 1794 so widely used --- each morning's and evening's readings are a group of related Bible verses -- nothing more and nothing less. No fluff. And no huge chunk of time is need to get through each short serving. Yet, each day's reading will speak to the heart and mind of the Christian, and provide encouragement, or helpful directions for the day and for life. The last 50 pages or so are more topical in nature, for different subjects such as depression, salvation and stress -- for anytime throughout the year. This is the one devotional book that will last a lifetime -- it's pure Scripture -- no poems or contrived stories, just God's Word -- timeless. This book is on a par with Oswald Chambers' classic devotional book "My Utmost for His Highest" but does not include the additional thoughts for meditation that he includes. Chambers' book is great too for a simple daily devotional. The original volume of Daily Light was in the King James Version and this new edition uses the New King James Version, which makes it highly readable. I'm going to give a lot of these books as Christmas gifts to the people that I love.
