Only a Terrific Book-but Series, too! Von Ein Kunde I have read all of the Clearwater Crossing Books that are out, and thought it was most appropriate to review them all at the first book. These are extremely terrific books about REAL teens, not some made-up, larger-than-life teens. They truly deal with REAL problems that we all face today. Not only do they have problems in them-but the characters do face victories, as well. My favorite character is probably either Jenna or Nicole because I can relate to them both really, really well, despite that Nicole is a complete idiot in this book-who, by the way, does begin to get better throughout the series (if you read it-you'll know what I mean) and Jenna is the perfect girl that I know I would like to be. Each of these characters are really well developed throughout the series and you will come to know them like they are your good friends. This series is absolutely incredible and I have yet to find another just like it. Anyhow, if you are looking for a series that will make you laugh, cry, (almost) be mad w/a character, and at the same time love them, then this is the series for you. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A bittersweet tale that every teen can relate to. Von Ein Kunde Well, I loved this book. Why? Well, it's not a fantasy. It's actually something I can relate to, such as liking someone who doesn't like you back, or being in a class that lasted for years. It's not about a girl who kisses a toad and, imagine that, ends up with a prince. Which was strictly coincidental, right? I mean, she couldn't resist kissing the toad because it was just SO cute with all its warts. But anyway, I'm digressing. It's comforting to know that you're not the only one with problems. Some of the situations are hysterical, some will bring you to tears. And THAT, my friends, is why I like this book. P.S.--If you're in to the girl and toad thing, this is not the book for you. 0 von 0 Kunden fanden die folgende Rezension hilfreich. A wonderful and inspirational book. Von Ein Kunde I personally liked this book a lot. It has great detail where you almost feel like you're there. It makes you want to keep on reading more. The characters are all very unique and different. It is very wonderful how the book shows that eight people could be brought together because of one person and even maybe even stay friends. The book can be related to peoples own problems and lives because everything in the book is quite common. The book is wonderful and Jenna, Peter, Ben, Melanie, Miguel, Jesse, Leah, and Nicole are very cool to read about. It is sad about Kurt, but it brought all eight people together. The book is great!!!!
