Von John Miller : Glorious Revolution, The (Seminar Studies) before purchasing it in order to gage whether or not it would be worth my time, and all praised Glorious Revolution, The (Seminar Studies):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich.
Excellent summary of 1688 and its consequencesVon Ein KundeThis is the best short introduction to England's 1688 revolution and the consequences that flowed from it. It is an updated version of an earlier edition, and it pays greater

attention than its predecessor to the revolution in England's public finances that stemmed from 1688. It also has new material on Scotland and Ireland. The choice of original documents to accompany the text is excellent.

Kurzbeschreibung First published in 1983, John Miller's *Glorious Revolution* established itself as the standard introduction to the subject. It examines the dramatic events themselves and demonstrates the profound impact the Revolution had on subsequent British history. The Second Edition contains a fuller discussion of Scotland and Ireland, the growth of a fiscal-military state and the role of religion and the Revolution. Pressestimmen "A first-rate and highly sophisticated interpretation. The book deserves a long and successful career'." *History Today* Kurzbeschreibung First published in 1983, John Miller's *Glorious Revolution* established itself as the standard introduction to the subject. It examines the dramatic events themselves and demonstrates the profound impact the Revolution had on subsequent British history. The Second Edition contains a fuller discussion of Scotland and Ireland, the growth of a fiscal-military state and the role of religion and the Revolution.
