Believers in Christ are called to live in purity, and this can only be done by beholding the Cross and drawing strength from the one who battled sin and suffered temptation unto death, Jesus Christ. If you are looking for a book on holiness from old Christian teachers, this is a good read that will stir up your self examination and help you grow in the Lord Jesus.

**Kurzbeschreibung** In God's Way of Holiness, Horatius Bonar (1808-1889) carefully examines the relationship between the Christian and the Law. The result of this examination is a strong, Biblically-supported call to personal holiness. Dr. Bonar also considers the various bad theologies which have sought to weaken or sever the believer's responsibility to God-given moral law. This e-book has an active table of contents for your e-reader device. Soli Deo Gloria!
