**Von James W. Hall : Gone Wild (Thorn Series Book 4) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gone Wild (Thorn Series Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Hall's books terrify me - but I can't wait for the next one!Von JulesAs I get immersed in the Florida heat and sounds and even smells of the latest James Hall book, I cringe to think what he will do to his characters next. Hall is more likely to kill off his main characters and the people close to them than any writer I've ever read. It makes for a much more

exciting, if heart-wrenching read, because he also has a knack for making you care deeply about the people in his novels. No formulas here, all bets are off. Please hurry with the next one, Mr. Hall!  
0 von 0 Kunden fanden die folgende Rezension hilfreich. An excellent thrill-ride  
Von Ein Kunde  
This book was awesome, it had everything: murder, fighting, monkeys, etc. Everything you need to make a good book. I was only going to read the first chapter, but after that i got drawn in and couldn't put it down. A real killer of a book.

Kurzbeschreibung  
From James W. Hall, the highly acclaimed best-selling author of *Hard Aground*, *Mean High Tide*, and *Bones Of Coral*, comes a stunning and superbly rendered new thriller in which the most deadly animals in the jungle are the ones that kill for money. With one poacher's bullet, a young woman's life is tragically, brutally taken--and her mother's is shattered forever. Thus begins *Gone Wild*, James W. Hall's electrifying new novel, which penetrates the lush, sultry jungles of Africa and Malaysia to explore the mercenary slaughter of animals--and to expose the savagery and humanity in us all. *Gone Wild* brings back Thorn, the haunting, quixotic hero last seen in the best-seller *Mean High Tide*. (Though he plays only a minor role.) And in a novel filled with the author's signature exotic locales, vise-tightening suspense, steamy sexuality, hypnotic prose--Hall introduces a bold new element: one of the toughest, most complex female characters in modern fiction. Allison Farleigh's desperate struggle to save the endangered orangutans from poachers--and to uncover the truth about her daughter's murder--give the novel its passion and its fire. And the shocking international conspiracy she exposes in the process gives *Gone Wild* its relentless, heart-pounding tension. A mesmerizing journey into the heart of darkness, *Gone Wild* is one of those rare thrillers that not only makes you sweat--it makes you think.
