Von Fabian Bouthillette : Gore Vidal's Last Stand: Part One: My American Initiation (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Gore Vidal's Last Stand: Part One: My American Initiation (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Must Read!Von ReneDas Buch sollte in den USA als Schulbuch aufgelegt werden. Und nicht nur dort. Vielleicht wrden es die "Erhalter des Weltfriedens" dann nicht mehr so einfach haben.Es ist wirklich erschreckend, praktisch aus erster Hand zu erfahren, wie das Volk belogen und betrogen, bespitzelt und erpresst wird.Nicht, dass wir das nicht eh schon wussten oder vermuteten, aber auf diese Weise erzht, wirkt es noch entsetzlicher auf einen.Fabian Bouthillette erzht in diesem ersten Teil seiner Geschichte mit behrender Ehrlichkeit seinen Werdegang zum Navy Officer und ... na ja, lesen Sie selbst.Aber wie knnte man es in solch einer Institution mit seiner Intelligenz und seinem Anstand aushalten?Ich frage mich, wie viele Amerikaner mit einer politischen Sichtweise Bouthillettes es wohl gibt?Das Vorgehen dieser "Weltmacht" aus der Sicht eines Insiders.Sehr empfehlenswert! Ich freue mich schon auf den nchsten Teil.

KurzbeschreibungGore Vidal, America's Great 20th Century Liberal Conscience, Takes Navy Lieutenant Fabian Bouthillette On His Final Epic Journey"There will be many more biographies written of Gore, but none will come from someone who was so close to him as Fabian. He is modest enough to take us on his journey as the great mans apt pupil as well as his devoted assistant. It is a journey you are bound to enjoy and from which you are bound to learn." - Stephen FryOnce Fabian Bouthillette felt that continuing to serve as a Navy officer in the "War on Terror" was compromising to his integrity, he decided to resign his commission and begin the most difficult journey of his life--becoming a civilian. Fabian's journey reaches epic heights when, at age 27, he is introduced to Gore Vidal and begins two years of service at the 20th century literary giant's side. In Part One, Fabian recalls his first encounters with Vidal and his time as a Surface Warfare Officer aboard one of the most advanced warships ever put to sea. Seasoned Vidal fans, young millennials, political activists, military historians, all stand to learn from this tale that crosses generational boundaries, combines humor with heartache, but ultimately coaxes us all to build a more peaceful world through involvement in our communities.
