RameyThis two-volume series was my introduction to Paul Horgan who became one of my favorite authors. It is interesting to note he and Frank Waters ('the Man who Killed the Deer') died recently just two weeks apart. They were both 92, and among the greatest authors who dealt with the Rio Grande. Mr. Horgan's dedication to detail set him apart from Willa Cather whose fame rests upon her book 'Death comes to the Archbishop,' using Lamy as her subject. She rejected the approach of Paul Horgan who at the time was writing his own history, 'Lamy of Santa Fe.' Willa Cather was a novelist; Paul Horgan an historian, and of the two I prefer the truth. Anyone interested in the history of the Rio Grande will be delighted with Paul Horgan's two-volume introduction to it.0 von 0 Kunden fanden die folgende Rezension hilfreich. Horgan's masterpiece history of the Rio Grande river.Von Ein KundeOne of the major masterpieces of American historical writing. The two volumes are a continuing delight, far better than any historical novel.Scene succeeds scene, filled with movement, passion and unbelievable heroism. Won the Pulitzer and Bancroft Prizes for History, and is considered the greatest history of the Rio Grande from pre-Columbian time to mid 20th century.

KurzbeschreibungAn epic history of the American southwest.Pressestimmen"Transcends regional history and soars far above the river valley with which it deals . . . a survey, rich in color and fascinating in pictorial detail, of four civilizations: the aboriginal Indian, the Spanish, the Mexican, and the Anglo-American . . . It is, in the best sense of the word, literature. It has architectural plan, scholarly accuracy, stylistic distinction, and not infrequently real nobility of spirit"-- Allan Nevins.Manchester Guardian"Boston Sunday Herald"Extremely well written, in a style that is sometimes as eloquent as Macaulay's, sometimes precise and restrained like that of Prosper Merimee In short, a book of exceptional merit, among the very best of its kind. Marcus Cunliffe, Manchester Guardian"Here is known and unknown history, emotion and color, sense and sensitivity, battles for land and the soul of man, cultures and moods, fused by a glowing pen and a scholarly mind into a cohesive and memorable whole.
