Von Lesley Adkins, Roy A. Adkins : Handbook To Life In Ancient Greece before purchasing it in order to gauge whether or not it would be worth my time, and all praised Handbook To Life In Ancient Greece:

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich.
Excellent handbook. Von Ein Kunde This handy reference covers the three millenia of Greek life from the Minoan era to the Roman Conquest of c.30bc. Organized thematically rather than chronologically, subjects are accessible under broad topics such as religion and geography, then under subheadings such as festivals and literature. This logical organization, together with an admirably complete index, makes it easy to use to find wanted information, or serves for pleasant browsing. With photos and drawings, maps, bibliography, and suggestions for further reading, this is a fine one-volume introduction into the Greek world, echoes of which can be heard in our civilization today. (The numerical rating above is an ineradicable default setting within the format. This reviewer does not employ numerical ratings.) 0 von 0 Kunden fanden die folgende Rezension hilfreich. Not Light Reading Von James E. Reeve I really hoped to have a book that would convey to me how it was and how it felt to live in Ancient Greece. I guess that all of the necessary

information is there, but it is not presented in any cogent way.

Kurzbeschreibung Ancient Greek culture was the product of centuries of change, resulting in a complex network of city-states whose legacy exerts a profound influence on modern Western civilization. Handbook to Life in Ancient Greece explores three millennia of ancient Greek history and archaeology, from the advent of the Minoan civilization in Crete to the Roman conquest in 30 B.C. Organized thematically, the Handbook explores all aspects of life in ancient Greece. Each chapter includes an extensive bibliography as well as original line drawings, photographs and maps. Handbook to Life in Ancient Greece combines archaeological and historical sources to provide all the essential information required by anyone interested in Greek history, archaeology, literature or culture.
