Awesome, thought provoking book Von Ein Kunde I don't remember reading a book before that provoked such awe of God. Her visions are vivid and her words invoke realistic mind pictures. She interprets a lot and sometimes writes what she heard God say. Some of the things she believes God told her, I am not sure I accept, but all in all the work inspires me to want to make God the center of my life. It is not always the easiest reading, but is understandable -- the translator did an admirable job. I will look for more of her work.

Kurzbeschreibung Twelfth-century Rhineland mystic Hildegard von Bingen records her exquisite encounter with divinity, producing a magnificent fusion of divine inspiration and human intellect. Hildegard von Bingen's *Mystical Visions* is perhaps the most complete and powerful documentation of mystical consciousness in recorded history. Now after 800 years, these visions are again available for those seeking to reawaken mystical consciousness. *Pressestimmen* "Bruce Hozeski's translation succeeds admirably in accommodating the twelfth-century perspective and Hildegard's own unique worldview in terms that are approachable."
