Ein super Buch mit 270 historischen Postkarten fr den historisch InteressiertenVon DemtrderDieses Buch ist sehr zu empfehlen fr den historisch Interessierten. James Wilson bietet eine geniale Mischung aus detaillierten Informationen, historischen Photos und ca. 270 Postkarten der damaligen Zeit. Es beschftigt sich neben den historischen Orten (Berghof, Kehlsteinhaus, Mnchen etc.) auch mit den Personen aus Hitlers Entourage. Der englischen Sprache sollte

man allerdings Herr sein. Auf Deutsch gibt es das Buch m.E. Noch nicht.

Kurzbeschreibung Adolf Hitler became 'completely captivated' by Berchtesgaden and the Obersalzberg when he first visited the area in 1923. In time he bought Haus Wachenfeld and made the area his second seat of government. This meant major construction of the Berghof barracks, administrative buildings, airstrips and the famous 'Eagle's Nest'. During the war massive tunnels were dug. Most was destroyed by allied bombing in April 1945. This original book tells the story of the area and how it was transformed by Hitler and his henchmen (Goering, Goebbels and Borman) in words and, most significantly, contemporary postcards and photographs.
