Von Col C. Chesney : Waterloo Lectures (Napoleonic Library) before purchasing it in order to gage whether or not it would be worth my time, and all praised Waterloo Lectures (Napoleonic Library):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. "The first unbiased book on Waterloo in English"Von phof@imagicgames.deThis was how Lettow-Vorbeck, author of the German General Staff described this work. He was perhaps being a little unfair, but Chesney's analysis of the Waterloo

Campaign is renowned for its balance and objectivity and is a "must" for all Waterloo fans.

Kurzbeschreibung This is an EXACT reproduction of a book published before 1923. This IS NOT an OCR'd book with strange characters, introduced typographical errors, and jumbled words. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
