Von Ein Kunde
What Every Woman Should Know About Divorce and Custody by Gayle Rosenwald Smith, J.D. and Sally Abrahms, is an essential resource for women in the process of going through a divorce, as well as for those contemplating divorce and even post-divorce, when custody and child support issues continue to resurface. It tells it like it is, in a clear, concise manner. This book will be a real eye-opener to those entering the process, and provide new insights to those immersed in, and even theoretically beyond the process. Many lawyers treat the divorce process like an on-going game, which the legal system enables. This process can victimize women, in particular. The best defense a woman can have is to be well-informed and well-prepared for the battle, which many (ex)spouses choose to wage. Every woman involved in a divorce, regardless of her lawyers ability and reputation, owes it to herself to become educated about the process, the potential problems, and helpful strategies. That is the essence of *What Every Woman Should Know About Divorce and Custody* offers. If there is one book that a woman going through a divorce needs, this is it. This book will likely become a repeatedly consulted reference throughout most womens divorce and custody process.

Von Ein Kunde
I am soon to be beginning the process. I will be initiating it. I read this book to gain insite into a woman's perspective and possible strategies. I guess if you haven't read or learned much, this book can have some tremendous value. If you're somewhat knowledgeable about the process, it is good, but not the end all. One thing to remember, only 1-2% of all divorce cases are tried in court. Yes, judges approve them, but the real work is with the lawyers. It's clearly worth it price.

Von Ein Kunde
This is a thoughtfully-written book by two experts that answers all the questions divorcing women should be asking themselves, from whether to hire a lawyer or mediator to how to manage money and a household after the divorce. Written by women for women, it describes what to expect at every stage of divorce and includes very specific information on how and where to get additional help and support. I would definitely give this book to a friend who was contemplating or going through a divorce.

Kurzbeschreibung
Women are still discovering-the hard way-just how difficult and unpredictable child custody cases can be. The first and most comprehensive book of its kind, this is a complete insider's guide filled with crucial advice from judges, lawyers, therapists, and mothers who have experienced this challenging legal process. It is designed for women at every stage of divorce and covers a wide range of legal strategies, as well as financial and psychological issues. This updated edition describes how to use technology advantageously and pitfalls to avoid, as well as changes in interstate custody laws and essential topics such as: - Choosing a lawyer - What to expect before and in court - Blended families - Domestic violence risk factors for women - What makes a custody agreement good or bad - Dealing with your emotions - Parental kidnapping cases - An appendix of recommended

Autorenkommentar
The most comprehensive up-to-date book on the subject. *What Every Woman Should Know* takes you step-by-step through the legal process, the emotional and psychological steps, and answers every day questions which all women have when going through a divorce. It explains in detail every topic and all issues you need to know and what choices or options you have. The book will tell you what to watch out for and will help you to avoid making costly mistakes. Judges, therapists and lawyers nationwide were interviewed in writing this book. All of these professionals shared their thoughts on what things could hurt women and what steps they should avoid. It will give you information on how to choose a good lawyer, which route to take--mediation or litigation--what should be in a good custody agreement, how to get a good financial settlement, and how to deal with your emotions. This book is truly the most comprehensive, up-to-date companion which will help you, teach you, and guide you while you go through the divorce process.
