Von John Tkac : Whispers from the Bay (The Dolphin Chronicles Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Whispers from the Bay (The Dolphin Chronicles Book 1) (English Edition):

Right from the start, the kids at school tease Mike about his stutter, and he just doesn't quite fit in. His brothers stand up for him, but they can't always be there, and Mike

turns into kind of a loner. Mike lives on an island called Key Biscayne off the coast of Florida, and the bay is frequented by a group of dolphins. Mike feels a special affinity for the dolphins and gradually they become friends and learn the magic of communicating with each other. Soon, the garbled whispers of the dolphins turn into voices that Mike can understand. Then the dolphins take Mike to their secret place, and he discovers something that could change the course of world history. The dolphins and their ancestors have protected their secret for centuries, and now Mike promises to keep a vow of silence. When Mike's friend and neighbor, Lucy Medina, is kidnapped and the villains leave no clues, Mike turns to the dolphins for help. Ordinarily, it would be easy for the dolphins to find her, but they must do so without revealing their subterranean secret. I enjoyed the fantasy of Mike being able to talk to another species, and the many adventures that the boy and the sea mammals share...Mike being rescued from the sharks and then helping the dolphins solve some of their problems. WHISPERS FROM THE BAY is a delightful story with plenty of action and suspense to keep young readers glued to the pages, and characters that they will long remember. This book is part of a series, and I can't wait to read the others. Reviewed by: Grandma Bev

Kurzbeschreibung Key Biscayne sits just off the coast of Florida near Miami. It is here that young Mike Connelly realizes that there is a mysterious connection between him and the dolphins. His feelings grow stronger until one day, quite by accident, Mike discovers that he possesses a magical talent: He can telepathically communicate with a very talented pod of dolphins. The dolphins and Mike become the best of friends, and their relationship plunges all of them into many joyous and some frightening adventures. After a disastrous trip to the Bahamas, Mike learns a fantastic secret that, if revealed, would change the course of world history. The dolphins, and their ancestors, have protected the secret for centuries. Mike now must face the monumental challenge of keeping his vow of silence.
