KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Moderne Kriegsfhrung...Von Muswetylwer sich fr das militrische der letzten Jahre interessiert, oder auch nur fr Afghanistan selbst dann ist dieses Buch dafrgeeignet. Man bekommt einen sehr guten Einblick in den Tagesablauf an einer der verworrensten Fronten dieser Tage.Heute dein Freund und morgen dein Feind, auch die logistische Seite wird nicht auer acht gelassen, was da an Material jeden Tag transportiert wird und gebraucht wird. Natrlich werden auch die Strapazen und die teilweise widrigen Umstnde beschrieben die die Paras in Helmand zu ertragen haben. Ich kann das

Buch empfehlen.

Kurzbeschreibung Craig Allen, a Paratrooper for 29 years, returned to 2 PARA as a reservist and unofficial photographer for the Battlegroups dramatic 2008 Tour in Helmand. As both a respected soldier and photographer he had unrivaled access to the fighting and moved from area to area following the action. Every evening he wrote up his experiences and those of the men he was with, whose trust he had as a member of the club. He had a ringside seat to a very costly summer tour, with the Taliban proving themselves worthy enemies to even the most elite British Army soldiers. His story tells in superb action photographs and no-nonsense prose of the hardships, courage, fears and cost suffered by front line soldiers over prolonged periods. He captures the color of life and death in Afghanistan for both combatants and the luckless civilian population caught up in this vicious spiral of war. An unforgettable book which has true visual appeal.
