Von Hillel Cohen : Year Zero of the Arab-Israeli Conflict 1929 (The Schusterman Series in Israel Studies) before purchasing it in order to gage whether or not it would be worth my time, and all praised Year Zero of the Arab-Israeli Conflict 1929 (The Schusterman Series in Israel Studies):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. A well researched and balanced insight into a seminal eventVon Ein KundeThis book presents a detailed and balanced

account of an important event during the early years of the Arab-Israeli conflict. It is certainly an eye opener und forces the reader to view the issue from new angles.

Kurzbeschreibung A new and provocative reassessment of the origins of the Arab-Israeli

conflict Pressestimmen Without in any way justifying the extreme violence or the views of the perpetrators or attempting to equate or rationalize individual attacks Cohen successfully helps a contemporary reader understand the complexity of the conflict as it was both experienced and remembered. . . . Year Zero is a highly intellectual yet accessible exploration of a formative period in the history of the Arab-Israeli Conflict, and the creation of identity and historical perspective. While not written about contemporary events, its thoughtful, holistic approach sheds great insight on conflict today in origins, practice, and memory. Jewish Book World "Cohen has produced a brilliant book meticulously researched, exhilarating, intimidating and more than occasionally disturbing. Marginalia-LA of Books" "Hillel Cohen's remarkable recent book . . . For those who want a portal into the two hearts of darkness at the core of the struggle between Jews and Arabs in Palestine and Israel, it is a great journey." Partners for Progressive Israel "Hillel Cohen's remarkable recent book. . . . For those who want a portal into the two hearts of darkness at the core of the struggle between Jews and Arabs in Palestine and Israel, it is a great journey." Partners for Progressive Israel "Cohen's analysis of the situation in 1929 goes very much against the grain of the usual Zionist narrative and even the non-partisan historical research concerning this period. Jewish of Books "Cohen's work is a valuable resource in these horrendous times. . . . He has a rich, dialectical understanding of the Jewish-Arab relationship, and though he would never compare the occupier to the occupied, his writing will make Jewish and Palestinian readers equally uncomfortable. Yonatan Mendel, London of Books" "Without in any way justifying the extreme violence or the views of the perpetrators--or attempting to equate or rationalize individual attacks--Cohen successfully helps a contemporary reader understand the complexity of the conflict as it was both experienced and remembered. . . .
