How Burroughs Went BadVon Rob LightnerJack Black's tale of life as a small-time criminal in the turn-of-the-century West makes compelling reading today, even as it did for a young William Burroughs in the 1930s. Fans will read of the original Salt Chunk Mary, the Johnson family, the Sanctimonious Kid, and more, all characters so well-portrayed they must have been real. Black's prose is colorful without being overblown and he has quite an ear for dialogue (though his conversations with Chinese people are painful to read). Deeply sympathetic with the burglars, safecrackers, bunco men, and others who were his family for years, he shows most of them to have been honorable in their way, inspiring much of Burroughs' Western mythology in the process. Though he eventually settled down into a

more secure life in San Francisco, Jack Black's heart belonged in the jungles outside town.0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful book, beware the pirate edition!Von pat reduxClassic book, well worth reading, a candid and fascinating autobiography from a long gone subculture in a long gone age. That said... there is a good edition of this book available from AK Press. This edition - the black cover with the awful drawing of the featureless thing sitting on a prison bunk - is a pirated edition of the AK Press book. Basically, you're paying - I paid - for a rip off of another publisher's edition, a book that doesn't have an introduction or afterword, no bibliography, no mention of the fact that NATAB Books are available at special prices for convicts - just a copy of the text which starts on the first page with the page number 15. So... great book, awful edition. Take a minute to check you're getting the AK Press edition.0 von 0 Kunden fanden die folgende Rezension hilfreich. Jack Black is a fascinating and utterly unforgettable book.Von Ein KundeFrom train tracks to opium dens, and finally to the stability of a job at the San Francisco Public Library, Jack Black writes a very personal account of adventure, hardship, loneliness, and longing. I absolutely loved this book. Black is a wonderfully interesting person, and his story is like none that I have ever found anywhere else--the story of a hobo in the early 1900's, who steals, does drugs, lives like a bum, rides the trains, and eventually decides he's had enough, settling down to a more conventional lifestyle.He is the kind of person you want to meet and have a beer with. When the book was over I lent it to every person I cared about and they all loved it too.

KurzbeschreibungAn amazing autobiography of a criminal from a forgotten time in american history. Jack Black was a burgler, safe-cracker, highwayman and petty thief.KurzbeschreibungAn amazing autobiography of a criminal from a forgotten time in american history.
