Von D.V. Berkom : Yucatn Dead: A Kate Jones Thriller (Kate Jones Thrillers Book 6) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Yucatn Dead: A Kate Jones Thriller (Kate Jones Thrillers Book 6) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. great crime, chick-lit, romance novel with a female leadVon Lucy Piree!This very witty, and skilful written chick-lit, crime,

romance novel had me hooked from the start. It not only shows a woman on the run, but one that knows how to capture the reader and pull her (me) into her world where her adventures are very real. This author knows how to use words to create real-life situations, even the ones most of us will never experience. Situations that make us hold our breath, sigh in relief and laugh at the characters as they are very human. The protagonist has her dark side, as the antagonists have their good sides, although one of them is very easy to dislike. It only shows that DV Berkom is a true artist, she knows how to create characters that make us want to know about their life and adventures. Yes, most believable characters that hold the attention and make us root for them. None of the dialogue is at any point contrived, it has the right amount of serious, humour, and normal foot-in-it awkwardness. The scenery, and narration, is used to show us what our imagination fills in with details. What I mean is that the author gives us enough detail to set the scene, but never goes overboard in descriptions. A perfect balance between description to show, and room for the readers imagination. I read this book as if watching an action movie with a great, female lead. There's a love interest, action, a touch of sadness and lots of joy, even with all the things the main character encounters. All in all a great read!

Kurzbeschreibung "An unrelenting thriller of a tension-filled novel... Yucatn Dead is the stuff of which blockbuster movies are made... very highly recommended..." ~ Midwest Book Retribution. Revenge. Murder. If your deadliest enemy was at your door, would you cut and run, or stand and fight? For Kate Jones, being on the run was never going to be easy. But with a new identity and a new life, she was beginning to believe she'd made it through the worst. Then, in an act of twisted revenge, Kate's kidnapped and imprisoned deep in the Yucatn by her deadly enemy, his intention to make her pay for her sins before her excruciating death. Fate intervenes and she's given a second chance by a group of off-the-grid commandos waging war against a vicious drug cartel. In return, she'll have to fight for her life--and theirs. From peaceful northern Arizona to the steamy jungles of Mexico, Kate Jones must decide for herself if she'll cut and run.....or turn and fight the evil that pursues her.

ber den Autor und weitere Mitwirkende DV Berkom is a slave to the voices in her head. As the author of two popular thriller series (Leine Basso and Kate Jones), her love of creating resilient, kick-*ss female characters stems from a lifelong addiction to reading spy novels, mysteries, and thrillers, and longing to find the female equivalent within those pages. Raised in the Midwest, she received her BA in political science from the University of Minnesota and promptly moved to Mexico to live on a sailboat. Many, many cross-country moves later, she now lives just outside of Seattle, Washington with the love of her life, Mark, a chef-turned-contractor, and writes every chance she gets.
