Zionism Militarism and the Decline of PowerVon Wilfried SchulerJames Petras is not only an excellent writer, he must be a bold and brave man to write such a book. Usually such people are subject to "accidents" ore other attempts to make

them silent. A very informative book with widely unknown details. A must read.

Kurzbeschreibung##Following in the train of two highly successful books addressing the influence of Israel on US Middle East policy and the onerous effects of support for Israeli interests that have resulted, Petras pursues this theme to illustrate how the conjunction of Israeli domestic influence in the US, spurring and combined with US militarism, has now led to a decline in U.S. power around the world. #James Petras is a Bartle Professor (Emeritus) of Sociology at Binghamton University, New York.
